info@amertower.com

Manufacturers of Towers for

Telecommunications | Security Services | Environmental Monitoring | Navigation

Established in Shelby, OH in 1953, American Tower Company, manufacturer of Amerite Towers, is committed to providing quality, American-made tower solutions suitable for a wide variety of applications including residential, telecommunications, security services, and environmental monitoring.

Amerite Towers are constructed with only United States Certified materials and components ensuring unmatched integrity and satisfaction for our residential, commercial, State, and Federal clients.

CORE COMPETENCIES

Tower Design and Manufacturing: Industry frontrunner in designing and manufacturing communication towers for nearly 70 years. We prioritize safety, quality, and reliability.

Personal Attention: We value you, our customer, and provide personalized attention to meet your specific needs. Our professionals work closely with clients.

Easy to Assemble Products: Our products are designed to be easy to assemble and install, saving our customers time and money.

Best Value: We offer competitively priced products that come with a guarantee of quality and reliability. Providing our customers with the best possible products and services at an affordable price.

DIFFERENTIATORS

Customer Service: At our company, customer service is a top priority. Our representatives pick up the phone the moment it rings. We believe in building strong relationships with our clients and providing personalized attention to meet their needs.

Product Quality: We take pride in our high-quality products, which are designed and manufactured to meet industry standards. Each piece is individually checked and cleaned to ensure a seamless installation process.

American Made and Owned: Our products are made in the USA, and we are a proud American-owned company. We believe in supporting local businesses and the American economy. Certifications for your project available upon request.
